

EMERALD VALLEY NATURAL HEALTH

THE *Natural* ALTERNATIVE IN HORSE HEALTH CARE

NEW! SpookyMash

Trick or Treat!

SpookyMash, with pumpkin and chia seeds and papaya. SpookyMash is one of four healthy mashes developed by Emerald Valley. The mashes are based on specialty feeds from British Horse Feeds in the UK. Containing no bran or corn, Emerald Valley's SuperMash, SavvyMash and now SpookyMash are healthy, low sugar mashes that can be fed in any situation, as a treat or part of a daily ration.

From Dr. Tom Shurlock:

"When you've spent so long getting your feeding regime right, don't jeopardise it with a high starch mash. High fibre mashes, made with Speedi-Beet & Fibre-Beet, will supply everything you need to treat your horse without upsetting his hindgut."

Year Long Specials!

Congratulations...

go out to Barbara Sims and Night Flyer for the 4th place finish overall in the USEF Driving Championships in Florida. Barbara and Night Flyer came in 2nd in the cones, beating out some of the top world drivers. Night Flyer is a fan of Emerald Valley's SuperMash. Barbara feeds the mashes during their travels to competitions, keeping him healthy and hydrated.

Update: Barbara and Night Flyer just recently won their division in California and have another qualifying score for next year's USEF Single Pony Long List to the US Team. Follow Barbara's journey on Emerald Valley's Facebook page.
